Did you know that Ripperger is now a GS-15 DSAC of the Inspections Division?

Probably this is the reason why SS & DHSOIG refused to take corrective action regarding your claims.

Prior to her employment with SS, she was employed with DOJ. She then had an affair with former US Attny Channing Phillips. "Yes, she's a mud shark!" LOL So, she is no doubt connected. Watch your back.

I understand that your EEOC case was dismissed. However, is there a reason why you didn't pursue your claims in Federal court?

Best,
